*Several Programs*  
One tailored for your specific operation

**PROTECT YOURSELF FROM PESTICIDES**  
**PROTEJASE DE LOS PESTICIDAS**

**Pesticides may be on plants and soil, in irrigation water, or drifting from nearby applications.**  
**Los pesticidas pueden estar en las plantas o en el suelo, en el agua de riego, o arrastrados por el viento cuando se aplican cerca.**

**Wash your hands and face before eating, drinking, smoking, drinking water, or using the toilet.**  
**Lávete las manos y la cara antes de comer, beber, fumar, usar el baño o beber agua.**

**There are federal rules to protect workers. These rules require that your employer train you in pesticide safety.**  
**Existen reglas federales para proteger a los trabajadores. Las reglas exigen que su patrón le provea entrenamiento de seguridad con los pesticidas.**

**IN AN EMERGENCY EN UNA EMERGENCIA**

**If pesticides get on you, wash them off right away with clean water.**  
**Si pesticidas le caen encima, límpielos inmediatamente con agua limpia.**

**Wear a hat or cap, scarf, a long-sleeved shirt, long pants, and shoes and socks to protect yourself from pesticides.**  
**Usa un sombrero o pañoleta, camisa de manga larga, pantalones largos, y zapatos y calcetines para protegerte de los pesticidas.**

**After work, shower or wash your body with soap and water. Shampoo your hair and put on clean clothes.**  
**Después del trabajo, bañate o límpiate con jabón y agua. Lávate el cabello con jabón y usa ropa limpia y fresca.**

**Don't shower, change your hair, and change into clean clothes at home or in public.**  
**No te bañes, límpiate el pelo con champú, o cambies de ropa o uses ropa sucia.**

**Wash work clothes separately from other clothes before wearing them again.**

*Pesticide Regulation  
Confusion? Unsure if you  
are in Compliance?  
Helping you with just what  
you need to know!!!*

WNY Crop Management Association has always taken pride in our staff's knowledge, talent and diversified expertise. We are pleased to announce a unique program designed to benefit your operation. Three levels of service have been tailored to offer assistance in complying with pesticide related regulations.

**FEDERAL WORKER PROTECTION STANDARD (WPS) COMPLIANCE**

- This can be a "stand alone" program for farms that don't apply pesticides themselves or for custom applicators that need help in this area.
- Requirements will be explained as they relate to your operation and materials will be supplied as necessary. These include worker training forms, 'How to Comply' CD manual, and Central Location Poster.

**FARM PESTICIDE REVIEW AND CONSULTING**

- This package is designed for farms that do their own pesticide applications. It will include a review of record keeping and pesticide storage and registration.
- Includes WPS Compliance

**DEALER/CUSTOM APPLICATOR REVIEW AND CONSULTING**

- This service includes all components of the Farm Pesticide Review and Consulting program, but on a scale appropriate to a dealer or custom applicator.

**All three programs include:**

- **RECORD KEEPING SUPPORT:** Required forms/format will be presented. Assistance will be given for completion of forms.
- **DEC COMPLIANCE:** These services will be conducted similar to an actual inspection. Current inspection forms will be used for all reviews. Any deficiencies will be noted and thoroughly explained. Follow-up letters will be sent to restate findings.
- **DEC INSPECTIONS:** Support can be provided for any subsequent inspection that results in a possible fine, including appearing with you for conference in Regional DEC office.

**Fees:**

**FEDERAL WORKER PROTECTION STANDARD (WPS)** \$250

Includes up to 6 hours of time \*

**FARM PESTICIDE REVIEW & CONSULTING** \$500

Includes up to 10 hours of time\*

**DEALER/CUSTOM APPLICATOR REVIEW & CONSULTING** \$1,000

Includes up to 12 hours of time\*

\*Additional hours will be billed at the current hourly rate.

**Meet Don Mitzel**

Don comes to WNYCMA with more than 23 years experience as a Pesticide Control Specialist for NYSDEC. In this capacity he inspected pesticide manufacturers, businesses and applicators; helped develop current state inspection forms; and was the sole developer of the Worker Protection Standard inspection form. Prior to that, he was employed as a spray applicator for seven years and assisted on dairy farms.

Don is excited to be able to offer his experience and expertise to benefit the membership of WNYCMA.
